

Fire Night Dance

Peter Jacques Band

Movin' it together
Bursting lights all around me
Now we're here forever
Getting ready to go now

Let's hit this move over
(I want you closer)
I'll take what I'm after
(This trip is what I need now)

You made my heart dancin'
(Keep movin' faster)
Keep rockin' and rollin'
(The music is the soul, baby)

Move me babe, It's fire night dance,
Fire night dance, Fire night dance
He hit me with this fire night dance,
Fire night dance, Fire night dance (Dance with me)

Move me babe, It's fire night dance,
Fire night dance, Fire night dance
He hit me with this fire night dance,
Fire night dance, Fire night dance

We can come together,
Feel the action inside me
Heads are getting heavy
I can't make it alone, now

Let's hit this move over
(I want you closer)
I'll take what I'm after
(This trip is what I need now)

You made my heart dancin'
(Keep movin' faster)
Keep rockin' and rollin'
(The music is the soul, baby)

Move me babe, It's fire night dance,
Fire night dance, Fire night dance
He hit me with this fire night dance,
Fire night dance, Fire night dance (Just dance with me)

Move me babe, It's fire night dance,
Fire night dance, Fire night dance
He hit me with this fire night dance,
Fire night dance, Fire night dance (ooh-oooh)

[Instrumental]

Movin' it together
Bursting lights all around me
Now we're here forever
Getting ready to go now

Fire night dance, Fire night dance
He hit me with this fire night dance,

There's darkness around you, There's music everywhere
You're movin' inside me
It brings magic anywhere, Take me there
Show me how, Wooooow!!
