Convicted

Scars Like Mine

I wake up in a nightmare
Away from you
And I wonder where you are?
And I, confess my sin.
Is this the end?
Can I start again?

I fall onto my knees
No acquittal for me
They found me guilty
Convicted

I had a good thing going
Until I met you
And your cold black heart
And I, still feel you
Canâ€™t take this abuse
Get away from you

I fall onto my knees
No acquittal for me
They found me guilty
Convicted
The noose is waiting for me
Insanity I will plea
Im twisted, so different
Im twisted, so different (convicted)

Canâ€™t breathe, I canâ€™t breathe
I need out of here
Canâ€™t breathe, Canâ€™t breathe, I canâ€™t breathe

I fall onto my knees
No acquittal for me
They found me guilty
Convicted
The noose is waiting for me
Insanity I will plea
Im twisted, so different

Im twisted, so different (convicted)
