

Why Not Now

[George Strait](#)

You take it nice and easy
You play it safe 'cause that's what people do today
I guess that's okay
Girl, somewhere in your mind
There must be a perfect time to fall in love
Baby, I'm burnin' upSo, why not now? Why not here?
Darlin' my heart just ain't too clear
And what are we waitin' for?
'Cause I've never been so for sure
Why not you? Why not me?
Livin' like we were meant to be
Together, forever
Why not now?Right here in this moment
We could start a love to stand the test of time
Maybe you know that's right
No one knows tomorrow
The mornin' sun could rise and take our chance away
Long gone with yesterdaySo, why not now? Why not here?
Darlin' my heart just ain't too clear
And what are we waitin' for?
'Cause I've never been so sure
Why not you? Why not me?
Livin' like we were meant to be
Together, forever
Why not now?
