

# Let Her Go

## The Expendables

We've all been here before  
It's kinda crazy but I need to settle the score  
Maybe I'm not man enough maybe I can't compare  
The way she lives her life really makes me care

Lying and knifing insides are dieing  
Why does it have to come to this?  
Lying and knifing I'm tired of trying  
To keep my cool playing the fool

She doesn't know  
That she's hitting too low  
We want her gone for ever  
Its time to let her go  
He doesn't know  
This is starting to blow  
If we're gonna last forever  
Its time to let her go

Its not that I want to see him torn  
But for a warning  
This is the calm before the storm  
We've given her too much of a chance  
Too much trust too much too fast  
I don't know how much longer I can last

Lying and knifing I'm tired of fighting  
I'm gonna burst at my seems  
Lying and knifing I'm tired of biting  
My wicked tongue I'm not gonna run  
We've got to stay together  
Doesn't matter on the day's weather  
I know that you love her  
But we're all brothers  
Can't let these feelings  
Stay under the covers
