

Filth

The Family Ruin

I can feel the tension in the air
Just the look that's in your eyes
Yeah, it's too much to bear
Take me by the hand and
Lead me to reckless abandon
I can't wait so let's cut to the chase I want your filth, filth, filth
Filth, filth, filth
Let's take this pain, your hate
Let's fuck it all away We float like smoke through the air
When we collide, when we collide
I'm lost in this moment of clarity
It's the darkest affection
I keep losing sleep from screaming out your name
One night of love is not enough
Let's hit restart and do it all again I want your filth, filth, filth
Filth, filth, filth
You like to grind, so wet
So sweet that I can taste
This pain, your hate
Let's fuck it all away We float like smoke through the air
When we collide, when we collide
I'm lost in this moment of clarity
It's the darkest affection When we collide... I want your filth, filth, filth
Fuck me like you hate me
Filth, filth, filth
Filth, filth, filth
We float like smoke through the air
When we collide, when we collide
I'm lost in this moment of clarity
It's the darkest affection We float like smoke through the air
It's the darkest affection
I'm lost in; I'm lost in this moment
And it's the darkest affection
