

Love and Guns

Die Trying

you know you got it, it's just what i need
your sex sells and i'm sold honey
so come over to me, yeah
'cause i'm fully loaded and you're looking mean
you tell me you like to play with guns, little darlin'
let's have some fun, come on play with me'cause you feel so right
with your back against the wall
you're so beautiful,
from the top to the bottom of your soul with the bite of your kiss and curve of your hips
the way you move you've got me consumed
come on, come on
i'm about you
this is a lustful attack
as your nails run down my back
you know you got it,
you know you got just what i need'cause you feel so right
with your back against the wall
and you're so beautiful,
from the top to the bottom of your soul
'cause you feel so right
i just gotta have it all
i'm gunna make it,
make it to the bottom of you'cause you feel so right
with your back against the wall
and you're so beautiful,
from the top to the bottom of your soul
'cause you feel so right
i've just gotta have it all
we're gunna make it,
make it to the bottom of you and you feel so right
just feel so right,
gunna make it,
make it to the bottom of you
of you
to the bottom of you
