

# Gold Dust

## The Starlings

It's like gold dust  
Ya hear me coming through your spe-ea-kers,  
You see me mashin up your air waves,  
I know you can't get enough of my sound  
It's like Gold Dust  
Ya hear me coming through your spe-ea-kers,  
You see me blagin up your air waves,  
I know you can't get enough of my sound  
Gold dust  
Ya hear me coming through your spe-ea-kers,  
You see me mashin up your air waves,  
I know you can't get enough of my sound  
Its like gold dust  
Hear me coming through your spe-ea-kers,  
You see me blagin up your air waves,  
I know you can't get enough of my sound  
There's a place to [hurt] yourself, the fight I'm gonna get it  
[tallest running] for me baby you're gonna regret it  
T'I can't understand why you cant free yourself, [let it]  
Go, go, go, go  
Got you in my palm, now listen good, you can't escape it,  
Bring you to ma world and hold you, see if you can take it  
Don't you be afraid I know your strong enough to make it  
Go, go, go,  
It's like gold dust  
Hear me coming through your spe-ea-kers,  
You see me mashin up your air waves,  
I know you can't get enough of my sound  
It's like gold dust  
Hear me coming through your spe-ea-kers,  
You see me blagin up your air waves,  
I know you can't get enough of my sound  
Everything your life's been searching for's in this direction  
Come a little closer don't you feel the [intersection]  
People take you down and then we're gonna keep you sweating  
Go, go, go, go  
Take you two around, you never known its [non-exsitant]  
You won't hear it coming, no matter how hard you listen

[ ? ]how we bring a replay our position  
Go, go, go, go  
I don't know where you run from, what you're running from, whoa  
I don't know where you run from, what you're running from, whoa  
I don't know where you run from, what you're running from, whoa  
[put your half of yourself on fly]People put your hands up in the air, I know you like it  
Don't you fight it, I can see [your how your all excited]  
Flying through the night we going up, [ta-hold tight-t]  
Go, go, go, go  
Now we got the starline ,[and the g-tha to desire],  
Let me see you jump up, come on, with me lets go higher  
Blagin up the speakers, we gonna set this place on fire  
Go, go, go, its like ....  
It's like gold dust  
Hear me coming through your spe-ea-kers,  
You see me mashin' up your air waves,  
I know you can't get enough of my sound  
It's like Gold Dust  
Hear me coming through your spe-ea-kers,  
You see me blagin up your air waves,  
I know you can't get enough of my sound  
Keep running, and your running, and your running, and your running away boy  
Keep running, and your running, and your running, and your running away boy
