So Bad

Kas Product

When you move electricity pulses
And the crowd clears out of your way
When you dance it gets a little explosive
So look out, I think I'm headed your way
I'm movin' in fast, comin on strong
Baby, you're becoming my number one
You're so bad
The best I had
Dancing like you wanna make your daddy mad
You're so bad
Ooh, the best I had
I'm movin' in fast, comin' on strong
You're dancin' like you wanna prove your mama wrong
When you talk to me I'm not even listenin'
It's your lips not the things that you say
When you walk it's not about your direction
It's a chance to see the way your hips sway
You know, I'm comin' in fast, comin on strong
Baby, you're becoming my number one
You're so bad
The best I had
You're dancing like you wanna make your daddy mad
You're so bad
Ooh, the best I had
I'm comin' in fast, comin on strong
You're dancin' like you wanna prove your mama wrong

I bet you never hear no
Bet you get what you want
There's no one who'd dare deny you
And if you feel insecure, if in doubt, if unsure
The mirror will surely remind...
You're so bad
You know, you're comin' in fast, comin' on strong
Baby, you're becomin' my number one
Because you're so bad
The best I had
Dancing like you wanna make your daddy mad
You're so bad

Ooh, the best I had
You're comin' in fast, comin' on strong
You're so bad
The best I had
Dancin like you wanna make your daddy mad
You're so bad
I bet you're glad
You're comin in fast, comin on strong
You're dancing like you wanna prove your mama wrong
So bad (x)
You're so bad (x)
