Infinity (Illenium Remix)

Niykee Heaton

Ooh-ooh
I wanna walk to the edge of the earth
Scream your name'till the fire's gone from my lungs
I wanna drink till I don't feel the urge
To run back to you and lay down, make me yoursI can still feel your breath all over me, filling me
I could fuck with you for eternity, infinity
Takeoff and lights on, I could be your lover
I could be the one for you and no one else at allSo how long will it be till you see how bad I need this?
I'll give you all if you please never leave, I need to keep it
I could fuck with you for infinityI wish I never touched no one before
I envy the hearts that you've adored
Who you've loved
Don't wanna fight, so let's settle the score
Tear me apart
But don't let goI can still feel your breath all over me, filling me
I could fuck with you for eternity, infinity
Takeoff and lights on, I could be your lover
I could be the one for you and no one else at allSo how long will it be till you see how bad I need this?
I'll give you all if you please never leave, I need to keep it
I could fuck with you for infinityTell me that I'm crazy, tell me I'm wrong
I will be your baby even when you're gone
'Cause I don't wanna take that I don't feel you at all
I'll be standing here when you callI can still feel your breath all over me, filling me
I could fuck with you for eternity, infinity
Takeoff and lights on, I could be your lover
I could be the one for you and no one else at allSo how long will it take till you see how bad I need this?
I'll give you all if you please never leave, I need to keep it
I could fuck with you for infinityI could fuck with you for infinity
I could fuck with you for infinity
