You On A Good Day

Sugababes

You on a good day, you messed up
From your chromosomes to your enzymes
Remember the time when you took my ride
I had to get it from the impound
My favorite revision and later
When I asked you 'bout it you just said, yeah
But then at least you didn't crash
If you had some cash left
From selling my rims on the car
Parked behind the bar
And baby, that's you on a good day
And baby, that's you on a good day
Disaster is always just a beat away
But baby, I'm sticking with you anyway
You messed up
Like when I went to Tokyo
For promotion and got back
Had a bill for two G's
From when you fell asleep
Calling me overseas
Asking 'bout my goal for the
Cash machine and you just said, yeah
But you tried to keep the house key
But then your new party friends
Went and called for some stripper
And then I just said
(Fine)
And baby, that's you on a good day
And baby, that's you on a good day
Disaster is always just a beat away
But baby, I'm sticking with you anyway
And baby, that's you on a good day
And baby, that's you on a good day
Disaster is always just a beat away
But baby, I'm sticking with you anyway
I want it, I hate it, I need it
I want it, want it, want it
I hate it, I want it, I need it
I hate it, I want it, I need it

But you tried to keep the house key
But then your new party friends
Went and called for some stripper
And then I just said
(You're gonna make it up to me, you know you are)
And baby, that's you on a good day
And baby, that's you on a good day
Disaster is always just a beat away
But baby, I'm sticking with you anyway
And baby, that's you on a good day
And baby, that's you on a good day
Disaster is always just a beat away
But baby, I'm sticking with you anyway
