

Gypsy (feat. Ray Wilson)

Armin van Buuren

Back... Back... Back... Back
Back... Back... Back... BackBack... Back... Back... Back
Back... Back... Back... BackBack... Back... Back... Back
Back... Back... Back... BackGod is my witness
I can feel you
There before my very eyes
A vision to meDon't put out this fire
It's burning for...
Burning for me
Burning for youStand within the sunlight
Press against me
Takes me back to other times
Different daysLove I do surrender
Belongs to...
Belongs to me
Belongs to youLay down on me
Naked gypsy
Watching you bathe in water
False childhood lies
Fear in your eyes
Give me a son and daughterThere is nothing I can see in my mind
A picture of you painted so vividly
Blood runs through my fingers
And through...
Through my light
Through my darknessLay down on me
Naked gypsy
Watching you bathe in water
False childhood lies
Fear in your eyes
Give me a son and daughterSon and daughterLay down on me
Naked gypsy
Watching you bathe in water
False childhood lies
Fear in your eyes
Give me a son and daughterLay down on me
Naked gypsy
Watching you bathe in water
False childhood lies

Fear in your eyes
Give me a son and daughterSon and daughter
