Self Control

The best of 80's

sayed Mohamed " abossed Ali"
well let me tell you girl every since the day that we met
i never have the second guess of a single regret
now about the way that you're making me feel
well alright
I see you move ,see your body groove
no i just got cold
baby what you're doing to me
my body is burning in the third degree
well alright
you make me feel like I'm gonna lose it
you make me feel like I'm gonna lose it
you make me feel like I'm gonna lose all of my self control
well alright

I'm tired of wasting time going now and chasing that
your body so define ..got one question on my mind
i wanna know how it feels to be mine
yes i do
i gotta tell you baby I've been around the world
seeing a lot of different girls ain't nobody quite like you
girl i think i always knew
ohh i just can't confront the truth
ohh yaaaaa

you make me feel like I'm gonna lose it
you make me feel like I'm gonna lose it
you make me feel like I'm gonna lose all of my self control
well alright
