Get Free

The Vines (Highly Evolved)

Never got love from a government man
Heading downstream till the levee gives in
What can i do to get the money
We ainâ€™t go the money, we ainâ€™t gettin out
Heading downstream till the levee gives in
And my dreams are wearinâ€™ thin
All i needâ€™s relief
I need i need some sympathy
Look at me
I just canâ€™t believe
What theyâ€™ve done to me
We could never get free
I just wanna be
Look at me
I just canâ€™t believe
What theyâ€™ve done to me
We could never get free
I just wanna be
I just wanna dream
All of my life been wadin in
Water so deep now we got to swim
Wonder will it ever end
How long how long till we have a friend
Comin down, feelin like a battery hen
Waves wonâ€™t break till the tide comes in
What will i do in the sunrise
What will i do without my dreams
Look at me
I just canâ€™t believe
What theyâ€™ve done to me
We could never get free
I just wanna be
Look at me
I just canâ€™t believe
What theyâ€™ve done to me
We could never get free
I just wanna be
I just wanna dream
Weâ€™re all together in the same boat

I know you, you know me
Baby, you know me
Weâ€™re all together in the same boat
I know you, you know me
Baby, you know me
Weâ€™re all together in the same boat
I know you, you know me
Baby, you know me
I just wanna dream
