

The Voyager

Alphaville

Now, she's touched the earth
You feel her love
Pouring down like an endless rain
Of colors on your skin She descends out of the blue
A breathless victor of time
After more than a million light-years
Preparing her comeback And she's rushing in from the outside
On the crest of the seventh wave
She's the crown of creation creating you The voyager
Is here to stay
The voyager
She's calling all stars The voyager
She's riding a rainbow
The voyager
Gives you the kiss of life The voyager
The voyager
The voyager
The voyager
Gives you the kiss of life Watch out
You can't ignore what's going on
When your visions are drying out
Like the oceans from the underworld
Oh, don't you know? Before you turn to stone
You better head out for a royal trip
To the ivory city-side And she's rushing in from the outside
On the crest of the seventh wave
She's the crown of creation creating you The voyager
Is here to stay
The voyager
She's calling all stars The voyager
She's riding a rainbow
The voyager
Gives you the kiss of life The voyager
The voyager
Gives you the kiss of life The voyager
The voyager
The voyager
The voyager
Gives you the kiss of life
