My Place

Young Hot Rod

Yeah
How many times have I told you love you?
Don't seem to change a thing
Girl you're not the same
There was a time when you want me to hug you
And treat you like the lady that you wanna be
But girl I knew that one in me
Would never try to hold me back
And do me all this wrong, girl what's going on?
I tried to talk and you walk away
Right of my face, right out of my place
But...
[Chorus]That's just it girl
You just don't know how much I love you now
That you walked out of my house
That's just it girl
Would it be another day, be another way
To get you right back in my place
That's just it girl
You just don't know how much I love you now
That you walked out of my house
That's just it girl
Would it be another day, be another way
To get you right back in my place
How many times have sat at the table?
And both ate one time and said what's on our mind
I'm thinking of a relationship was a fable
A fairytale of me, that's just how it seems (oh girl, I heard)
Even when I heard that you were cheating, I was faithful

And would do any goddamn that you would say too
I tried to talk and you walk away
Right out of my face, right out of my place
But...
[Chorus]That's just it girl
You just don't know how much I love you now
That you walked out of my house
That's just it girl
Would it be another day, be another way

To get you right back in my place
That's just it girl
You just don't know how much I love you now
You walked out of my house
That's just it girl
Would it be another day, be another way
To get you right back in my place
That's just it girl
Oh you just don't know how much I love you now
That you walked out of my house
That's just it girl
Would it be another day, be another way
To get you right back in my place
That's just it girl
Oh you just don't know how much I love you now
You walked out of my house
That's just it girl
Would it be another day, be another way
To get you right back in my place
