

Feel Like Fame

Four Letter Lie

I'm watching her name up on my screen
Celebrity, she means everything to me
I wanna hear her voice aloud
I wanna hear her voice I'm curious how you manage to look so good for those cameras
Wearing a killer smile to kill me
I swear she looks through to me from the Hollywood screen
Can't stand too close to the screen Everywhere I go, she's always on my mind I'm watching her name up on my
screen
Celebrity, she means everything to me
I wanna hear her voice aloud
I wanna hear her voice When she wants to get down
We shout it out loud
I wanna hear her voice aloud I'm curious, how do you turn me on for those cameras?
Wearing a killer smile to kill me
Everywhere I go, she's always on my mind I'm watching her name up on my screen
Celebrity she means everything to me
I wanna hear her voice aloud
I wanna hear her voice aloud When she wants to get down
We shout it out loud
I wanna hear her voice aloud There must be a way, a way inside her heart
Name up on my screen
Celebrity, she means everything to me I'm watching her name up on my screen
Celebrity she means everything to me
I wanna hear her voice aloud I'm watching her name up on my screen
Celebrity she means everything to me
I wanna hear her voice aloud
I wanna hear her voice out loud
Celebrity I wanna hear her voice aloud
I wanna hear her voice aloud
