

# I Was Born On Christmas Day

## Saint Etienne

Roll the tape Spent the summer holed up in a room  
Looking pretty, won't you be here soon?  
Euro Disney could not work at all  
A little bird had told me in the fall Getting groovy after Halloween  
Mid-November, got back on the scene  
I'm so glad that I just got my pay  
I was born on Christmas day In December, my heart's full of spring  
I could phone you, tell you everything  
Like the crazy evenings on the yacht  
Tim and Sarah went and tied the knot Did you know they pulled the town hall down?  
I don't think you'll recognize this town  
Never could have been a tennis wife  
Get into the acting life Getting groovy after Halloween  
Mid-November, got back on the scene  
I'm so glad that I just got my pay  
I was born on Christmas day I was born on Christmas day  
I was born on Christmas day
