Had Enough

The Coathangers

now you're all dried out
so where to go to now
they think you're missing out
you know, you know, you're no good
(don't be stupid walk away)
and so you're all dried out
where to go to now
you started freaking out
you know, you know that's no good
(don't be stupid, walk away)
had enough, had enough
don't you think you've had enough
had enough, had enough
don't you think you've had enough
yeah you know you're no good
(ooh, ooh, ooh)
you think you're reaching out
your eyes are all bugged out
you really did it now
you know, you know you're no good
(don't be stupid, walk away)
you think you've made it now
they talk about you now
don't care who runs you know
you know, you know you're no good
(don't be stupid, walk away)
had enough, had enough
don't you think you've had enough
had enough, had enough
don't you think you've had enough
yeah you know you're no good
had enough, had enough
don't you think you've had enough
had enough, had enough
don't you think you've had enough
yeah you know you're no good
you know you're no good
(ooh, ooh)
