

Neon Black

The Frankenstein Drag Queens from Planet 13

Voices in your head
Wont go away
Don't question it
and do what they say
Just take a rope
Tie it around their throat
Tie it to the bumper of your car
And Green Light GoAnd all this Energy
Is seeping through the cracks
All they let us see Neon BlackThrow 'em on a hook
And let 'em drip dry
Make it last 3 painful weeks
Before they dieAnd all this Energy
Is seeping through the cracks
All they let us see Neon Black
