Here comes Michael
He's got that look like he's in too deep
That's just like him
Truth be told, he needs a good night's sleep
He's not in the mood for a metaphor
Open up the car door
And just turn the radio on
So long Michael
It was nice to see you too

We see it all the time
So keep it coming
But our necks are on the line
And that's not funny

Jump in let's save the world
Kick off your shoes and put on your sunglasses
Jump in let's save the world
Turbo boost and we'll see who's the fastest
Jump in let's save the world
Let's save the world
Jump in let's save the world
Let's save the world

What's wrong Michael
Thinking that this isn't your cup of tea
Well no motorcycle
running it's best could ever mess with me
I'm too hot for a thermometer
look at the speedometer
And see me blur the view
Come on Michael
That is what we're meant to do

We see it all the time
So keep it coming
But our necks are on the line
And that's not funny

Jump in let's save the world
Kick off your shoes and put on your sunglasses
Jump in let's save the world
Turbo boost and we'll see who's the fastest
Jump in let's save the world
Let's save the world
Jump in lets's save the world
Lets save the world

I still believe that you were born to take the lead
Come one let's save the world, save the world
Yeah you and me we've got our promises to keep
Come on let's save the world

Jump in let's save the world
Kick off your shoes and put on your sunglasses
Jump in let's save the world
Turbo boost and we'll see who's the fastest
Jump in let's save the world
Let's save the world
Jump in lets's save the world
Lets save the world

Jump in let's save the world
Kick off your shoes and put on your sunglasses
Jump in let's save the world
Turbo boost and we'll see who's the fastest
Jump in let's save the world
Let's save the world, Let's save the world
Jump in let's save the world
Lets save the world, Come on

It's not like you
To turn your back and let the dark side win
Come on Michael
Open the door and jump in
