

Wander

Secret Cities

I recall one summer's night
Within the month of June
Flowers in mahogany hair

And smell the earth in bloomOnly such a melody comes without a sound

More than faintly heard by those
Who know what they have found
Now it's just a memorySilently we wander

Into this void of consequence
My shade will always haunt her
But she will be my guiding lightSilently we wander

In search of truth and confidence
So many hopes were lost here

Along the way from morning to nightMeet me by the wishing well
In cover of the moon
Whisper to me tenderly

That I will see you soonSing that song from long ago
So I remember you
Flowers in mahogany hair

And mellow days in June
Only for the memorySilently we wander

Into this void of consequence
My shade will always haunt her
But she will be my guiding lightSilently we wander

In search of truth and confidence

So many hopes were lost here

Along the way from morning to nightFrom ashes we were born
In silence we uniteSilently we wander
Into this void of consequence

My shade will always haunt her
But she will be my guiding lightSilently we wander

In search of truth and confidence

So many hopes were lost here
Along the way from morning to nightSilently we wander

Into this void of consequence
My shade will always haunt her
But she will be my guiding lightSilently we wander

In search of truth and confidence

So many hopes were lost here

Along the way
