

# To Be Young (Is To Be Sad, Is To Be High)

## Dave Rawlings Machine

Young boy, you done me bad, I went and did ya wrong  
Young boy, you done me bad, I went and did ya wrong

Then I got high, Lord I got high

Now I got a bone to pick with you and I'm sure you know it's true

Oh, one day when you're looking back

You were young and man you were sad

When you're young you get sad

When your young you get sad, then you get high, oh man

Young gal, you done me bad, now I went and did ya wrong

Young gal, you done me bad, so I went and did ya wrong

Then I got high, Lord, I got high

Now you got a bone to pick with me, but I wish you'd let me be

Oh, one day when you're looking back

You were young and man you were sad

When you're young you get sad

When your young you get sad, then you get high, you get high

Oh, the days the rain would fall your way

Oh, the days the rain would fall your way

Then you be high, 'cause you got sad

'Cause you got sad, oh man

Oh man

Oh man

Oh man
