Strange Fire

Indigo Girls

I come to you with strange fire I make an offering of love The incense of my soul is burned By the fire in my bloodI come with a softer answer To the questions that lie in your path I want to harbor you from the anger Find a refuge from the wrathThis is a message, a message of love Love that moves from the inside out Love that never grows tired I come to you with strange fire, fireMercenaries of the shrine Now who are you to speak for God? With haughty eyes and lying tongues And hands that shed innocent bloodNow who delivered you the power To interpret calvary You gamble away our freedom To gain your own authorityFind another state of mind Reach out to grab hold Strange fire burns With the motion of loveWhen you learn to love yourself

You will dissolve all the stones that are cast
Now you will learn to burn the icing sky
To melt the waxen maskI said to have the gift of true release
There's a peace that will take you higher
I come to you with my offering
I bring you strange fireThis is a message, a message of love
Love that moves from the inside out
Love that never grows tired
I come to you with strange fire
Fire, fire
Come to you with strange fire
