These People

Sheppard

Well I won't waste another minute
On anyone like you
You're heartless in your origins
And I'm tired and weakened through
Now I'm leaving all my bridges burned
And I'm disconnecting ties
I'm screening my position
'Cause I don't want you in my lifeSometimes, these people push me around
And I'm tired of people keeping me downEvery city and every town, no matter where I go
Every smile and every frown, oh you're in every show
And I can't try and find a haven,
'Cause I can't wait for you to change
But I'm sure that where I make it
All the people are the sameSometimes, these people push me around
And I'm tired of people keeping me downDah-da-da-da
Dah-da-da-da
Dah-da-da-da-da
(Yeah)
Dah-da-da-da
Dah-da-da-da
Dah-da-da-da-daSometimes, these people push me around
And I'm tired of people
And I'm tired of people keeping me downAnd you've won
I can't understand where you're coming from
Ooooh-ooh-ooh
And I'm done... yeahDoes anyone know where I went so wrong?
