

# Nocturne

## Celtic Woman

Now let the day just slip away  
So the dark night may watch over you  
Velvet blue, silent true  
It embraces your heart and your soul  
Nocturne Never cry, never sigh  
You don't have to wonder why  
Always be, always see  
Come and dream the night with me  
Nocturne Have no fear  
When the night draws near  
And fills you with dreams and desire  
Like a child asleep so warm, so deep  
You will find me there waiting for you  
Nocturne We will fly, claim the sky  
We don't have to wonder why  
Always be, always see  
Come and dream the night with me  
Nocturne
