

# Heart to Heart

John Denver

I havent seen all there is to see  
But Ive seen quite a bit  
Ive seen Ill always remember  
Some things I wish that I could forgetI havent quite been around the world  
But Ive been around the block  
I know that distances are meaningless  
Like the hands that move around a clockAnd I know that love is everywhere  
Always safe, always true  
And exactly where it comes from  
Is where its going toYour heart to mine, my heart to yours  
Talk about opening windows, talk about opening doors  
My heart to yours, your heart to mine  
Love is a light that shines from heart to heartHere I am sitting in old Hong Kong  
The harbor and the lights  
Theyre like diamonds in the heavens  
Enough to brighten the darkest of nightsTheres another side to sorrow  
As there is to everything  
Like the other side of lonely  
Is falling in love againAnd then you know that theres an answer  
To the suffering we see  
And though it isnt easy  
Its still as simple as you and meAnd youll know that love is everywhere  
Always safe, always true  
And exactly where it comes from  
Is where its going toYour heart to mine, my heart to yours  
Talk about opening windows, talk about opening doors  
My heart to yours, your heart to mine  
Love is a light that shines from heart to heartYour heart to mine, my heart to yours  
Talk about opening windows, talk about opening doors  
My heart to yours, your heart to mine  
Love is a light that shines from heart to heart
