Colors

All New Atmosphere

I know how to look into your heart
I see your burning away parts
Of yourself that show your passion for love
The radiation of your smile may kill me
But im willing to take that chance
You lock me inYour hands are wrapped around your neck
Holding you back from whats inside
Why do you hide?I know your colors are a beautiful work of art
Why would you go and change them?
When you're perfect the way you are
I know your colors are a beautiful work of art
Why would you go and change them?
When you're perfect, perfect, did I mention perfect?Try not to lose whats in your heart
You made yourself for me when we were at the start
I've enclosed that in my head
Because its where I want to stay
I see the images of you floating above me
And its impossible to look away
You lock me inYour hands are wrapped around your neck
Holding you back from whats inside
Why do you hide?I know your colors are a beautiful work of art
Why would you go and change them?
When you're perfect the way you are
I know your colors are a beautiful work of art
Why would you go and change them?
When you're perfect, perfect, did I mention perfect?I wont forget what I am fighting for
To stop you from becoming someone else
From stealing another's chance to be themselves
From stealing another's chance to be themselves
