

# This Never Happened Before

[Paul McCartney](#)

I'm very sure  
This never happened to me before  
I met you and now I'm sure  
This never happened before Now I see  
This is the way it's supposed to be  
I met you and now I see  
This is the way it should be This is the way it should be for lovers  
They shouldn't go it alone  
It's not so good when you're on your own So come to me  
Now we can be what we wanna be  
I love you and now I see  
This is the way it should be  
This is the way it should be This is the way it should be for lovers  
They shouldn't go it alone  
It's not so good when you're on your own I'm very sure  
This never happened to me before  
I met you and now I'm sure  
This never happened before  
(This never happened) This never happened before  
(This never happened)  
This never happened before  
(This never happened before)
