Who's to Say

Home Town Hero

It was amazing watching you
All of the things that you could do
You changed the world before my eyes
And fucked them with a big surpriseSo who's to say you never cared
All your life was caught in a glare
So hey, la, la, la, la
Hey, la, la, la, laSo who's to say you never cared
All your life was caught in a glare
So hey, la, la, la, la, la
Hey, la, la, la, la
It was amazing watching you
You stole the show for a year or two
I want to thank you for your time
Would you care if I shineSo who's to say you never cared
All your life was caught in a glare
So hey, la, la, la, la
Hey, la, la, la, laYou said it
I bought it
The others went away
You said it
I bought it
The others went awaySo who's to say you never cared
All your life was caught in a glare
So hey, la, la, la, la
Hey, la, la, la, la
