

Jailhouse

Josh Devine & Ollie Green

[Ollie]

I've been shaking the cage
Not an insect to the flame
No I won't let a light
Stand in my way

When there's blood on my hands
I hope you understand
That I won't be afraid
To do it all again

[Josh]

They're telling me hope is a demon (Hope is a demon)
Watch out, watch out
'Cause I won't believe it
No

You can lock me in the jailhouse
Throw away the key and
Leave me bleeding

You can throw me to the fire
You can drown me in the river
You won't stop me breathing

I've served my time (Hey)
Let me live my life (Live my life)

You can lock me in the jailhouse
Throw away the key but
You won't stop me leaving

[Ollie]

I been chasing a dream
For so long now it seems
And I won't let it go
'Til it's mine to keep

There's a hole in my head
And I just won't let it rest

I swear that I'll fight
For all that's mine

[Josh]

They're telling me hope is a demon (Hope is a demon)
Watch out, watch out
'Cause I won't believe it
No (Whoo)

You can lock me in the jailhouse
Throw away the key and (Throw away the key)
Leave me bleeding

You can throw me to the fire
You can drown me in the river
You won't stop me breathing

I've served my time (Served my time)
Let me live my life (Let me live my life)

You can lock me in the jailhouse
Throw away the key but (Hey)
You won't stop me leaving

No, so long, I'm gone
I'll be breaking out of these chains (Yeah)

[Ollie]

You can lock me in the jailhouse
Throw away the key and (Throw away the keys and)
Leave me bleeding

You can throw me to the fire
You can drown me in the river

[Guitar solo]

[Josh]
Whoa

You can lock me in the jailhouse
Throw away the key and (Throw away the keys and)
Leave me bleeding

You can throw me to the fire
You can drown me in the river

You won't stop me breathing

I've served my time (Served my time)
Let me live my life (Let me live my life)

You can lock me in the jailhouse
Throw away the key but (Hey)
You won't stop me leaving
