

Jesus & Gravity

Dolly Parton

I'm to the point where it don't add up
I can't say I've come this far
With my guitar on pure dumb luck That's not to say, I know it all
'Cause every time I get too high up
On my horse I fall 'Cause I've got something lifting me up
Something holding me down
Something to give me wings
And keep my feet on the ground
I've got all I need, Jesus & gravity But I'm as bad as anyone
Takin' all these blessings in my life
For granted one by one When I start to think and it's all me
Well, something comes along
And knocks me right back on my knees and I've got something lifting me up
Something holding me down
Something to give me wings
And keep my feet on the ground
I've got all I need, Jesus & gravity He's my friend, He's my light
He's my wings, He's my flight I've got something lifting me up
Something holding me down
Something to give me wings
And keep my feet on the ground
I've got all I'm gonna need I've got Jesus, I got Jesus I've got something lifting me up
Something holding me down
Something to give me wings
And keep my feet on the ground
I've got all I'll ever need
'Cause I've got Jesus & gravity I've got something lifting me up
Something holding me down
Something to give me wings
And keep my feet on the ground
I've got all I need
'Cause I've got Jesus & gravity Jesus, I got Jesus, I've got Jesus
He's my only friend He lifts me up, He give me wings
He gives me hope
And He gives me strength
And that's all I'll ever need As long as He keeps lifting me
He is my light, He is my guide
He is my wings, He is my flight
Lift me, I've got Jesus

I've got Jesus and that's all I need
