

Biotech Is Godzilla

Sepultura

Rio summit, '92
Street people kidnapped
Hid from view To save the Earth
Our rulers met
Some had other secret plans No, no, no, no Biotech, biotech
Biotech, say what? Strip mine the Amazon
Of cells of life itself
Gold rush for genes is on
Natives get nothing Biotech, biotech
Biotech is Godzilla
Godzilla Mutations cooked in labs
Money mad experiments
New food and medicine?
New germs and accidents Like Cubatao
Worlds most polluted town
Air melts your face
Deformed children all around Bio technology
Aint whats so bad
Like all technology
Its in the wrong hands Cut throat corporations
Dont give a damn
When lots of people die
From what theyve made Biotech, biotech
Biotech is A.I.D.S.? Stop
