

# X Wires

Xtc

It's the airwaves of the world  
But not the hairwaves on your head  
Oh, but anything can be  
On land and in the sea You've got cross wires  
You've got cross wires  
When you've got cross wires  
Wow, when you've got cross wires  
Everything is buzz buzz  
Everything is beep beep Strange things happen everyday  
It may confuse the Chinese say  
Brings a nation to its feet  
It's them people that you meet When you've got cross wires  
When you've got cross wires  
When you've got cross wires  
Wow, when you've got cross wires  
Everything is buzz buzz  
Everything is beep beep When you've got cross wires  
When you've got cross wires  
When you've got cross wires  
Wow, when you've got cross wires  
Everything is buzz buzz  
Everything is beep
