Distracted

Mouthpiece

I was doing just fine, till you messed with my mind
Why'd you have to be so perfect?
Now you're stuck in my head, I'm losing sleep over it
I don't know what I'm be objected
Having trouble staying focused
Can't pretend that I don't notice
How you make me feel inside
I get so distracted
When you come around
My head hits the clouds
I can't seem to concentrate at all
Don't you know that
I get so distracted
When I see your face
I get caught in a daze
Sometimes I don't know what to do
I get so distracted
Distracted, distracted by you
By you, that's right
I wonder if you're aware
I really don't mean to stare
But you know I just can't help it
I try to stay in control
Yes I do but I don't
Well I guess I must be losin' it
Having trouble staying focused
Can't pretend that I don't notice
How you brought me out of my mind

I get so distracted
When you come around
My head's in the clouds
I can't seem to concentrate at all
Don't you know that
I get so distracted
When I see your face
I get caught in a daze
Sometimes I don't know what to do
I get so distracted

Distracted, distracted by you
What have you done to me
I'm not the one I used to be
You got me all confused
But maybe that's just what you meant to do
Having trouble staying focused
Caught up in the action
So I'm thinking about you all of the time
I get so distracted
When you come around
My head's in the clouds
I can't seem to concentrate at all
Don't you know that
I get so distracted
When I see your face
I get caught in a daze
Sometimes I don't know what to do
I get so distracted
