

Step It Up

Throwdown

Step it up, step it up Sometimes I see me
Beneath me, deceiving
Deceive myself
Keeps me from believing Believe in yourself
Believe in yourself Sometimes I see me
Beneath me, deceiving
Deceive myself
Keeps me from believing Step it up, step it up
Step it up, step it up Believe in yourself
Believe in yourself Losing touch, I lost my way
Loss for words, without a thing to say
Losing touch, I lost my way
Loss for words, without a thing to say Losing touch, I lost my way
Loss for words, without a thing to say
Losing touch, I lost my way
But I'll try again Step it up, step it up
Step it up
Step it up, step it up
Step it up, step it up
