# Get Up

## Nickasaur!

Get up
Get up
Take my hand girl
Hurry up and take this chanceYou're feeling
I'm feeling
We're feeling each other grow
Not a moment to waste
So jump in the car
So we can go
Anywhere your imagination leads youInhale
Exhale
Slow down, take one step at a time
Don't worry
We'll be okay
We got all the time in the world
Just look me in the eyes
And open your ears
And I'll swear I'll tell you something
What you'd like to hearGet up
Get up
Take my hand girl
Hurry up and take this chance
You're feeling
I'm feeling
We're feeling each other grow
Not a moment to waste
So jump in the car
So we can go
Anywhere your imagination leads youOh, oh, oh,
Just roll down your window
It's getting pretty hot in here
If you know what I mean
STOP!
I'd do anything
Just to see that smile
And you'd do anything
To put forever in a whileGet up
Get up
Take my hand girl

Hurry up and take this chance
You're feeling
I'm feeling
We're feeling each other grow
Not a moment to waste
So jump in the car
So we can go anywhere
Your imagination leads youGet up
Get up
Take my hand girl
Get up
Get up
Take this chance (x4)
