STOPTHISTRAIN

Prince & 3RDEYEGIRL

I just can't get 2 sleep
Feels like a couple of weeks I been trying
The sound of this train is keep
Keeping everybody from hearing me crying
'Cause with every other beat of my heart
I know that we should never b apart
And if it hurts this bad by dawn
I'm gonna stop this train & never get back on
Sleeping with ur face on my phone
A face that I never shoulda left alone
Pillowcase full of ur cologne
Yes I gotta crush & it'll never b outgrown
Every other beat of my heart
I know that we should never b apart
& if it hurts this bad by dawn
I'm gonna stop this train & never get back on
Nothing makes sense 2 me & nobody's got a clue
'Cause nothin' & nobody makes me feel like u do
Thought I'd b as high as the sky
Rock n roll 4ever & never die
Used 2 never need a reason 2 fly
Now I c that u're the only reason 2 try
It don't matter who's right or wrong
I never want 2 b the one singing this song
If it hurts this bad by dawn
I'm gonna stop this train and never get back on
Never get back on...
I just can't get 2 sleep
