get away

Crickbat

Baby, ya know
I been thinkin? about you
And I been thinkin?
We should get togetha
But I know you got somebody
And I do too
But I got 1 question
Can ya get away?
I been lookin? to get away from him
I been lookin? to get away from her
Oh, we gots to find a way, babe
I been lookin? to get away
Since I found you
Say whatever it is you need to say
'Cuz I?m thinkin? ?bout headin? my way
This relationship is getting? crazy
Lately, lately, lately
I, been feelin? this way from back when
Now it?s time I turned you in
Maybe now baby we can be friends
Baby, baby, baby
I been lookin? to get away from him
I been lookin? to get away from her
Oh, we gots to find a way, babe
I been lookin? to get away
Since I found you
I been lookin? to get away from her
I been lookin? to get away from him
Oh, we gots to find a way, babe
I been lookin? to get away
Since I found you
Can ya get away? Get out tonight
Meet me up at the club momma
Can ya get away? Get out tonight
'Cuz I?m free, baby
Can ya get away? Get out tonight
Meet me up at the club momma
Can ya get away? Get out tonight
'Cuz I?m free, baby

Well what about my career, my man, my life
Baby I give you me, myself, and I and if you can get near me
There?ll be no more pain love
Well came on boy and love me, love me, love me
The more things change
I know, I know men play games
All I wanna know, are you the same
Take a chance girl and love me, love me, love me
I been lookin? to get away from him
I been lookin? to get away from her
Oh, we gots to find a way, babe
I been lookin? to get away
Since I found you
I been lookin? to get away from her
I been lookin? to get away from him
Oh, we gots to find a way, babe
I been lookin? to get away
Since I found you
Can ya get away? Get out tonight
Meet me up at the club momma
Can ya get away? Get out tonight
'Cuz I?m free, baby
Can ya get away? Get out tonight
Meet me up at the club momma
Can ya get away? Get out tonight
'Cuz I?m free, baby
I?m not ya man, so I?m feelin? like a one night stand
I be convenient for the both, I know you feel me
Well come on let?s do this, no thought to it
Let?s give our love a chance
'Cuz you lovin? me, kiss hug and love wit me
I?m trynna get away, you can?t get enough of me
Baby girl, I just wanna be free
Well come on boy and love me, love me, love me
I been lookin? to get away from him
I been lookin? to get away from her
Oh, we gots to find a way, babe
I been lookin? to get away
Since I found you
I been lookin? to get away from her
I been lookin? to get away from him
Oh, we gots to find away, babe
I been lookin? to get away
Since I found you
Can ya get away? Get out tonight

Meet me up at the club momma
Can ya get away? Get out tonight
'Cuz I?m free, baby
Can ya get away? Get out tonight
Meet me up at the club momma
Can ya get away? Get out tonight
'Cuz I?m free, baby
