Heathen Child

Grinderman

Hey little momo

Light as a rainbow,

Heavy as an asteroid

Crashed in the bathtub Yeah, sitting in the bathtub

Hair full of her fingers

Hair full of her fingers Yeah, sitting in the bathtub

Says, "I'm scared and lonely"

Sweet little momo says,

"I'm scared and lonely"Here come the wolfman

Hey little momo

Saying, "hey little momo"

Saying, "hey little momo"

Sitting in the bathtubMy heathen child

She's a heathen child

Yeah, she's a heathen child

Yeah, she's a real wild childShe got a little powder

She got a little gun

She got a little poison

Got a little gun

Sitting in the bathtub

Sucking her thumbSays, "I don't care about Buddha

[Don't] care about Krishna

Don't care about Allah

Don't care about anything"

Just sitting in the bathtub,

Sucking her thumb...Cuz, she's a heathen child

Yeah, she's a heathen child

Now, she's a heathen child

Yeah, she's a real wild child[yeah... yeah, come on baby]Oh, poor little momo

Yeah, paddled and rowed (?)

She's got a little powder

Got a little gun

Sitting in the bathtub

Having some funShe was raised by beasts

and grabbed by vultures

Oh, here come the wolfman

The abominable snowman

Got a little poison

Got a little gun

Sitting in her bathtub

Waiting for the wolfman to comeYou think your great big husband will protect you, you are wrong
You think your little wife will protect you, you are wrong
You think your children will protect you, you are wrong
You think your government will protect you, you are wrongShe don't care about Allah
She is the Allah

Don't care about Buddha
She is the BuddhaCoz, she's a heathen child
Yeah, she's a heathen child
She's a heathen child
She's a heathen child
She's a heathen child[Yeah, someone left the bathtub running someone left the bathtub running]
