

# The Greatest

Michelle Williams

Thought I was standing tall  
I thought I'd seen it all  
But baby, I was wrong  
'Cause you're the greatest I walked a thousand miles  
But nothing's what I found  
Until you came around  
'Cause you're the greatest Searched high and low for love  
Just to find out that it was here all along  
And I know it, what I wanted  
I should have been chasing you And I was reaching for the stars  
But I didn't have to look so far  
'Cause love is where you are  
But I didn't have a clue And now I realize  
That the stars are in your eyes  
'Cause you always shine  
Baby, you're the greatest Thought everything had change  
Until the day you came  
And took away the pain  
Baby, you're the greatest I always wore a frown  
I never used to smile  
Until you showed me how  
Baby, you're the greatest Searched high and low for love  
Just to find out that it was here all along  
And I know it, what I wanted  
I should have been chasing you And I was reaching for the stars  
But I didn't have to look so far  
'Cause love is where you are  
But I didn't have a clue And now I realize  
That the stars are in your eyes  
'Cause you always shine  
Baby, you're the greatest Reaching for the stars, then I bumped into you  
And I cannot believe that I was searching so long  
Oh baby, I'm so taken  
And all that I need is to look into your eyes And I was reaching for the stars  
But I didn't have to look so far  
'Cause love is where you are  
But I didn't have a clue And now I realize  
That the stars are in your eyes  
'Cause you always shine

Baby, you're the greatest
