Cyber Queen

Kim Lukas

Three five four, six two one
Is his access code
Three five four, six two one
Infatuation for this boy
Infatuation is a toyObsession, obsession
For him it's a shame
Obsession, obsession
She lives in a computer game
Doesn't even know his nameA vision of your dream at the touch of a button
Dancing in the screen your idea virtual love
A beauty cyber queen at the touch of a button
OhhhhhhhhCode error, code error
He can't trace his love
Code error, code error
Replacing her is a white dove
The end of his virtual love
