

# Cyber Queen

[Kim Lukas](#)

Three five four, six two one  
Is his access code  
Three five four, six two one  
Infatuation for this boy  
Infatuation is a toy Obsession, obsession  
For him it's a shame  
Obsession, obsession  
She lives in a computer game  
Doesn't even know his name A vision of your dream at the touch of a button  
Dancing in the screen your idea virtual love  
A beauty cyber queen at the touch of a button  
Ohhhhhhhh Code error, code error  
He can't trace his love  
Code error, code error  
Replacing her is a white dove  
The end of his virtual love
