

# Wicked (The Mantra Mix edit)

## Econoline Crush

I am here, in silent fear  
Waiting for you  
No one can see, the hurt I feel  
It pulls, it tears, my soul  
Chorus:  
You don't feel  
You don't care  
Your so wicked  
Take away, take away  
This cross I bare  
This burden shared, won't pull me down  
Won't hold me down  
(Chorus)  
Smile she said, turn your head  
Walk away  
It's in your hand, your hands  
Your hands  
(Chorus)
