

Legend of Zelda – the Windwaker: Dragon Roost Island

æ°,ç”ºæ..©å¤ª

May the wind be our guide
on our journey over sea
leaving the great waves behind us
no boundaries be freefrom the north to the vast south
from the far east to the west
our journey continues
to complete our holy questthe sea stream creates our way
through the night and day
maye the wind be our friend
and be with us until the endand we sail through mystic waters
we will sail through misty storms
we will sail through epic battles
we keep going and stand strongthe sea stream creates our way
through the night and day
may the wind be our friend
and be with us untill the end
