Build a Fire

Lamb

Where is my heart
What took it away from me
Right from the start
Thought it was mine to keepWhere are the days
Where dreams came so easily
Thought they would stay
Thought they would always beGonna build a fire
Set it all aflame
Build it hight and higher
Find my way again
So now I know
The road isn't always straight
You die or you grow
Play games with the hand of fateGonna build a fire
Set it all aflame
Build it hight and higher
Find my way again, again, again, again
Gonna build a fire
Set it all aflame
Build it hight and higher
Find my way again, again, again, again...
