The World We Live In

The Killers

This is the world that we live in
I feel myself get tired
This is the world that we live inWell, maybe I was mistaken
I heard a rumor that you quit this day and age
Well, maybe I was mistakenBless your body, bless your soul
Pray for peace and self controlI gotta believe it's worth it
Without a victory I'm so sanctified and free
Well, maybe I'm just mistakenLesson learned
And the wheels keep turningThis is the world that we live in
I can't take blame for two
This is the world that we live in
And maybe we'll make it throughBless your body, bless your soul
Reel me in and cut my throat
Underneath the waterfall
Baby, we're still in this, oh, yeahThis is the world that we live in
I feel myself get tired
This is the world that we live inI had a dream that I was falling down
There's no next time, alone
A storm wastes its water on me
But my heart was freeI guess it's the world that we live in
It's not too late for that
This is the world that we live in
And no, we can't go backThis is the world that we live in
I still want something real
This is the world that we live in
I know that we can heal over timeThis is the world that we live in
This is the world that we live in
