

Don't Wanna Rush (feat. Rachel K Collier)

FineArt

Uh, Feel your touch,
Uh, Feel your touch
Uh, Feel your touch I wanna take more time to take it all in
Enjoy, imagining
I wanna take more time keep you guessing
Only fools rushing How you do this to my mind?
Flip the rules I'm playing
Guard down, got my hands on
Far too easy
I'll wait to let go
Hold that sprint in yourself
Keep it like we've just met
Don't you try move too fast
Make it good, make it last
Hold that sprint in yourself
Keep it like we've just met
I'll wait to let go
See, I don't wanna rush with you
I don't wanna rush, hey
I don't wanna rush with you
I don't wanna rush, hey See, I don't wanna rush with you
I don't wanna rush, hey
I don't wanna rush with you
I don't wanna rush, hey Uh, Feel your touch,
Uh, Feel your touch
Uh, Feel your touch I wanna take more time
Anticipate, take it day by day
I wanna take more time before I let you in
Prove this, and you're in
How you do this to my mind?
Flip the rules I'm playing
Guard down, got my hands on
Far too easy
I'll wait to let go
Hold that sprint in yourself
Keep it like we've just met
Don't you try move too fast
Make it good, make it last
Hold that sprint in yourself

Keep it like we've just met
I'll wait to let go
See, I don't wanna rush with you
I don't wanna rush, hey
I don't wanna rush with you
I don't wanna rush, hey
See, I don't wanna rush with you
I don't wanna rush, hey
I don't wanna rush with you
I don't wanna rush, hey
