

# Wildfire

## The Coral

Wildfire, I desire to be loved  
Climb higher to a platform just above  
Little liar, you deceive me

With your wit elocution, sculptured perfectly to fit  
Tug of war with the blessing and the mud

Please let me quiz you, rest assured but unplugged

Town crier has our voices kindly bugged

Wildfire, I desire to be loved  
Daddy calling, see how they run

Mother calling, see how they run

Monday morning see how they run

Counting stories see how they  
Run, run, run

Ooh, ooh, ooh
