# Feels Like Love

## Sammy Hagar

Well, now, once in your life maybe if you're lucky
You'll find someone that's right for you
And when lightning strikes you ready or not
There ain't nothing you can do
And now, I've got to see her, you know I won't be late
The hair on my arms is standing up straight
I've got the shivers down my backbone, my stomach's turning flips
I get excited just thinking 'bout her lips
Yeah, and mother always said, "If it's real you can feel it"
Now my heart's beating fast and my eyes can't conceal it
It's love, it sure feels like love
I know it must be love
It's got to, got to be love
'Cause it feels like, it feels like love
Held up in the night waitin' for the sun to come up
And call it a day, well, that moment when you're thinking
About those things, the ones you just can't say
I got a feelin' deep inside that I can't explain

Every time I fell asleep, I woke up screaming your name
Started thinking of you, the feeling got strong
I jumped out of bed, I couldn't take it any longer
Just then I thought, "Hey, it's only infatuation"
I see your face and the train left the station
It's love, it sure feels like love
I know it must be love
Got to, got to be love
'Cause it feels like, it feels like love
I'm in love, hey, it sure feels like love
It's got to, got to be love, it must be love
'Cause it sure feels like love, it must be love
It sure feels like love, yeah, must be love
I know it's love, it's modern love
Yeah, got, I said, got to be love, must be love
Old fashioned love, I'm in love
Ow, huh, I'm talking 'bout love
I'm talkin' 'bout love, feels like love
