

Temporarily Blind

Built to Spill

Bet you can't tell I'm temporarily blind
And how much more can I get sunburned?
How much more can I get sunburned? Bet you can't tell I'm temporarily blind
Isn't everyone? Isn't everyone?
Isn't everyone? Isn't everyone?
Isn't everyone? Isn't everyone?
Isn't everyone? Isn't everyone? The thought of you waiting for someone
Turn your back on this hating
Turn your back on this hating
Before I forget it took so long
Turn your back on this waiting
Turn your back on this waiting I need to know where you're coming from
Turn your back on the framing
Turn your back on the framing
Who history doesn't teach it makes numb
Turn your back on their taming
Turn your back on their taming Yeah, they might let you say it
But it'd take all day to explain it
